

Lake Sawyer Hawk's Meeting - May 6, 2010 - Cedar Grange #534---Maple Valley

7:10---Meeting called to order by Marlowe Anderson (president). 28 members present at the meeting introduced themselves. One new member was present. Minutes for the April meeting were read by Steve Black, filling in for Robert Burks (secretary). Minutes were approved and accepted as read. A financial report was given by Charles Vencill (treasurer).

7:20---General Discussion Two master combination locks are now on the gate in series. In case one does not work, use the other one and contact Marlowe Anderson about the bad lock. He will get a warranty replacement lock.

Maxford USA announced discounts of up to 25% off for group purchases, but a \$500 minimum per club order is required to qualify for discounts. Maxford will donate products to club events based on the club's annual purchase amount. See details at www.maxfordusa.com or call 562-529-3988.

If anyone purchased a lawn mower, with a gas engine up to 30 horsepower, between January 1, 1994 and April 12, 2010, they can share in a class action settlement. See details at www.LawnMowerClass.com or call 877-773-8196.

A sign-up sheet for Kids Day (building Delta Darts) will be passed around again. Please indicate shirt size if you volunteer. Shirts will be available at the event to identify event helpers to the public. The event will be held July 24th or 31st.

Results of the club survey for spending funds were read by Dick Weaver:

Survey Question	YES	NO
Open house / Fly-In with free pizza and pop.	13	4
Upgrades to field (Fill low spots with sand and roll surface)	14	3
Enlarge parking lot	14	3
Additional flight tables	4	12
Video projector or monitor for videos and slide shows	11	5
Save funds for new mower	18	0
Save funds for unforeseen costs	16	3
Rain Shelter	4	11
Comments and Ideas: Parking and No Parking signs, field maintenance manager, more fly-ins, raffle support, field maintenance, base savings on estimate of new mower cost, use awning from Boeing Hawks, new floor in club house, the club is well run, save for a new field, paved runway for small wheel takeoff, if it's not broke, don't fix it.		

A motion was made to provide materials for Jay Nickels and Mike Conley to repair the club house floor. After discussion, the motion was approved.

7:40 ---Show and Tell Tom Richards described building his latest indoor flyer, a scratch built SPAD 13, built in one day. Randy Britten described his unique, built from spares, ¼ inch DOW foam, brushless .020 powered, pop bottle cowl, fun flyer. Dave Fryant brought a sleek and fast looking slope soaring jet (yes, a jet without engine).

7:45 ---Raffle by Dick Weaver Dick also gave a short report on today's float fly on Lake Washington. It was calm water, and sunny weather with minimal wind in the second half of the session. 6 or 7 pilots brought one or more planes.

7:57---Meeting Adjourned
