

Lake Sawyer Hawks Meeting
October 6, 2011
Cedar Grange #534---Maple Valley

7:10-----Meeting Called to Order by Marlow Anderson (president) ---a cordial welcome was extended to new members---all members introduced themselves---the meeting minutes for September were read by Robert Burks (secretary) ---the minutes were accepted and approved as read

7:05-----General Discussion---two volunteers are needed to organize and operate the popcorn machine during club meetings---club hats (\$10.00) and jackets (\$90.00) are available---thanks to Brian Lowe and Dick Weaver (vice president) for mowing and maintaining the field---six flyers enjoyed the float fly with a little breeze and smooth water---the shed at the field needs to be cleaned so there is room for lawn mowers--- Dick Weaver will assist Marlow Anderson with putting belts on the lawn mower--- John Dominick continues to work on improving the multiple gate lock situation

7:30-----Show and Tell---Ray Peters explained his acquisition of a “What’s It” electric short kit---Thomas Richards brought two scratch built electric models; a Sequoia and a twin motor powered helicopter---Gerry Drake brought an electric Ugly Stick and an A10 Wart Hog---Dick Weaver brought an “Air Swimmer” (Helium filled fish) and explained and demonstrated its flying characteristics

7:55-----Raffle---by Dick Weaver---items acquired from RC Hobbies and donations

8:10-----Meeting Adjourned
