

Lake Sawyer Hawks
March 5, 2015
Cedar Grange #534---Maple Valley

7:10-----Meeting called to order by Marlow Anderson (president)---there were 22 persons present---all members introduced themselves---the minutes for the February meeting were read by Robert Burks (secretary)---the minutes were approved and accepted as read

7:15-----General Discussion---a motion was made and passed to leave the present charging station at its present location and improve the ground area around it by making a gravel walking surface area---another motion was made and passed but was later rescinded (that motion involved the development of the addition of a third solar panel---the costs will be investigated)---a motion was made and passed to have a silent auction for the remaining r/c items of Mr. Bently---the gate combination has been changed---a lost airplane was discovered near the field and will be auctioned off at the next meeting

7:50-----General Discussion Continued---Richard Weaver (float fly Coordinator) reported on today's (Thursday) float fly; 15 pilots signed in, 6 or 8 visitors and a group of senior citizens were present, perfect weather--- starting April 2nd, flying time has been extended one hour---new hours are 10:00 am to 2:00 pm on Thursdays---the next club meeting will include a guest speaker, Andrea Chay, formerly employed by the FAA

8:00-----Show and Tell---Thomas Richards brought a DC3 electric foam plane, Japanese marking and color scheme

8:05-----Meeting Adjourned
